

# Online Placement Training Program

Are you ready to kick-start your career with a bang? Eternaltek is here to empower you with our Placement Training program, offering 100% Placement Assistance!

An online placement training program is designed to equip individuals with the skills and knowledge necessary to secure employment in their desired field. These programs are particularly focused on preparing participants for job placements and interviews.

Online placement training programs are often designed to be flexible, allowing participants to balance their learning with other commitments. The goal is to provide a comprehensive and practical learning experience that enhances participants' employability and prepares them for success in the job market.

## We are Offering Two Programs

- 1) Java Full Stack Program
- 2) Python Full Stack Program

## Extra Benefits

### Internship Opportunities:

- Actively seek partnerships with companies to provide real-world internship opportunities for participants.
- Offer guidance and support during the internship to ensure a meaningful learning experience.

### Mock Interviews and Q&A Sessions:

- Conduct regular mock interviews to help participants practice and improve their interview skills.
- Include comprehensive Q&A sessions to address doubts and reinforce learning.

### Resume and LinkedIn Support:

- Provide expert guidance on resume preparation, ensuring that it highlights participants' skills and experiences effectively.
- Offer assistance in optimizing LinkedIn profiles to increase visibility to potential employers.

### Hands-on Projects:

- Include practical, hands-on projects that participants can showcase in their portfolios.
- Encourage collaboration on projects to simulate real-world teamwork.

### Previous Year Test Papers:

- Provide access to previous year test papers to help participants understand the format and types of questions commonly asked in placement exams.

**HR Guidance:**

- Offer guidance on soft skills, communication, and other aspects that are crucial during HR interviews.
- Conduct sessions on common HR interview questions and appropriate responses.

**Aptitude and Reasoning:**

- Include sessions or resources to help participants improve their aptitude and reasoning skills, which are often tested in placement exams.

**Feedback Mechanism:**

- Establish a feedback mechanism to collect input from participants and continually improve the program based on their needs.

**Certification:**

- Consider providing a certification upon successful completion of the program, which can add value to participants' resumes.

**Networking Opportunities:**

- Facilitate networking opportunities for participants to connect with professionals in the industry.
